

## TRANSFER OF ACCOUNT RESPONSIBILITY FORM

**Purpose**: To transfer responsibility for payment of the Eastover Sanitary District (ESD) water/sewer account to another person currently occupying the premises and is named on the lease agreement or Deed in the event of death, divorce, or other instance where the account holder is no longer willing or able to be the customer and another person is willing and able to assume responsibility for past, current, and future charges for that account. In such events, no service initiation fee will be charged as no field service representative will be dispatched to obtain a meter reading since the new customer will assume responsibility for all water used at the premise by the former account holder.
